

Clear Bra Connection
Scott Wainwright

Thank you Scott and Clear Bra Connection!

I had the pleasure of working with Scott Wainwright of Clear Bra Connection and was utterly impressed by his product and professionalism. I hired Clear Bra Connection after spending thousands of dollars to completely refurbish my high-end vehicle, freeing it of all scratches, dents and paint chips. Scott's company was able to lock that look in place with his Clear Bra product that will allow my car to look brand new after years of driving. The Clear Bra product has proven extremely durable on my vehicle and is nearly invisible to the naked eye, even after numerous washes and waxes.

With the Clear Bra product, the value is immeasurable in comparison to the cost, especially considering the intricacy of Scott's work. I can't even imagine the surgical skill necessary to not only cut the perfect piece to fit the most difficult of places but to lay it flawlessly on my vehicle. As the only vendor with more than 15 years of experience, Clear Bra is not another overpriced gimmick. The quality of service is exceptional and I routinely recommend Scott, and Clear Bra Connection to my family and friends.

Thank you so much for your incredible work!

Sincerely,
