

3/5/09

I have had clear bras
put on by Scott and also
by dealerships. The installation
and materials used by
Clear Bra Connection have
always been superior. At
this point I have probably
had 5 bras installed by
Clear Bra and they have outlasted
and outperformed all others.
There has been no peeling
or discoloration and the
surgical precision seams are
nearly invisible. I'm a
perfectionist and have been
completely satisfied.
