Dear Scott:

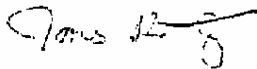

I just wanted to send a letter informing you of how pleased I am with not only your product, but with your service as well.

I was slightly apprehensive of the Clear Bra product prior to having it applied to my car. I felt it was just an overpriced gimmick that would reduce the appearance of my car. Nothing could have been further from the truth.

Clear Bra is almost invisible and is a tremendous accessory for any car or truck. It covers the areas that receive the most abuse from rocks, bugs, fingernails and keys. I will be certain to have Clear Bra applied to my next vehicle as well as mentioning this product to family and friends.

Without going on-and-on about Clear Bra, I also want to mention how satisfied I am with the service you have provided. It is extremely refreshing to be treated with courtesy and as a customer, and not as an inconvenience.

Sincerely,

James R. Cazer
