Scott:

I apologize for taking a little while to get back to you. I've been very busy lately. But I wanted to make sure that I followed up with you. It was a pleasure to have met you and done business with you. The professionalism that you brought to the job and the quality of work that you delivered was simply excellent. Considering the difficult curves of my Saab 9-5, the ClearBra that you installed on my car was truly impressive. It is virtually invisible and like an artist, you successfully worked the ClearBra to flow with the shape of my car while maximizing coverage. I will highly recommend you and your company to anyone that I know that is considering installing a ClearBra on their car. Thank you again for the fine work and fantastic service.

Sincerely,

Leonard R. Callejo
